

Capital Campaign

We are so close to reaching our Capital Campaign goal! We have less than **\$50,000** left to raise by September 30 to meet our Kresge Challenge Grant.

Help us get there!

Helping Families in our New Home

Above: The Kinney Family drop off gently-used donations to our Baby Boutique.

At 8 am on Monday, July 6 staff arrived at work and immediately realized the very real need for our new family support center. It was our first day of service at the Rotary Support Center for Families, and mom, dads, and their children eagerly waited outside until the doors opened at 8:30 am. They were the first appointments of the day, families in search of [housing](#).

Soon, parents and children carted in donations for the [Baby Boutique](#), while other families left with brimming bags of like-new clothing and necessities for their children; [Domestic Violence groups](#) met on the 2nd floor, and our [Employee Assistance Program](#) answered hundreds of calls on the 3rd floor.

Neighbors stopped in to say "hello", some even bought our remaining [footprint tiles](#) and one little boy delivered the proceeds of his [penny drive](#).

Helping families in our new home at 1900 Rainier Avenue South has been a wonderful success, and we continue to welcome new families, neighbors, and volunteers every day.

Everyone is welcome to join a tour of our new center. Please email [Kelly](#) if you would like to visit!

Awaiting the Arrival of Morningsong

We are still missing the laughter of children on the playground and teachers leading class inside the new [Morningsong Classrooms](#). We are currently taking the necessary steps to license our Early Learning Center and we're almost there! We hope to begin classes here by early September.

Our new [Cornerstone Classrooms](#) for kids with behavioral challenges will open January 2010.

Above: Students busy learning at Morningsong - still open at its current location.

Right: Quiet classroom in our Early Learning Center waits for the final steps of licensing before the children and teachers join us in our new family support center.

Above: Steve Leahy, Capital Campaign Co-Chair, proudly welcomes guests to our new home.
